

ECRL Outreach Service

Outreach Services was created to help serve those people where access to any of ECRL's 14 branch libraries is difficult or impossible. A van was purchased to facilitate the needs of this new service. Outreach stops were established in the following communities: Hill City, Jacobson, McGrath and Giese (Aitkin County); Askov and Duquette (Pine County); and Braham (Isanti County). ECRL also established Link Sites in the communities of Isanti and Onamia. Ask your branch librarian for an "Outreach Services" brochure for more detailed information and if you are interested in this service.

There's something for everyone...
