

## **DONATED MATERIALS**

All material gifts to East Central Regional Library are considered noncash charitable donations. Persons thinking of donating books to the library often wish to know about the tax status of their gift and are frequently interested in having their gift appraised for tax deduction purposes. The library is itself unable to provide appraisals. Donors should consult their tax advisor in all cases, as the tax code regarding charitable donations is revised frequently. We are not permitted to assign a cash value to gifts.

**The East Central Regional Library system received a donation of materials (which may include books, videos, audios, paperbacks, DVDs, CDs, etc.) on this date, \_\_\_\_\_.**
