

Tell Us Your Library Story

We need your story! Tell us how the public library has helped you and/or your family:

Name _____
Home Library _____ County of Residence _____

These stories will be compiled in a statewide brochure that will be distributed to the people who decide on library funding issues. By filling out this form, you agree to have your name, home library, and county listed in the brochure. However, not all stories will be included in the brochure due to space limitation.

If you are willing to speak with legislators about the value of your public library, then please list your contact information below (Home address, phone and/or email). Your contact information will be used only for this purpose.

Thanks For Being A Contributor To Our Statewide Collection of Library Stories!

Please fill out this form and drop it off at any East Central Regional Library, or send the requested information via E-mail to Barbara Misselt, ECRL Director at bmisselt@ecrl.lib.mn.us

THANK YOU!
